The Honorable George V. Allen
Director
United States Information Agency
Washington 25, D. C.

Dear George:

Referring to our discussion yesterday at the OCE with regard to the Soviet press, radio and TV coverage of the Vice President's visit, I found that we had prepared a memorandum together with a summary on this subject, of which I enclose a copy.

Undoubtedly you have prepared something similar and I should be interested to have USIA's views and any comments you have on the attached memorandum, particularly if you have a different view as to the extent and nature of the coverage.

Sincerely,

AWD/ji
